THE METHOD.

A 90-day program that takes a service business from everything runs through you to it runs without you.

THE SHORT ANSWER

> *"I help people who run a service business get it to run without them, in ninety days. Month one, we get money coming in every week. Month two, we build the machine so someone else does the work. Month three, you step out and run it from your phone."*

WHO IT'S FOR

Anyone building an online or service business: photographers and creatives, agency owners, trades, consultants, local services. Whether you're starting from zero or already doing $30–100K a month and still the bottleneck.

THE IDEA

You build the business, and you build yourself. Not two projects. One. A finished business has a definition: you can leave it, sell it, or run it from your phone on the other side of the world, and it holds. Anything less is a job you own.

WHAT YOU GET

A weekly live call with me
Thirty minutes of teaching, thirty minutes of your questions. Recorded.

The Classroom
15 courses, 105 lessons. One course a week, in the order I'd teach you one-on-one.

The Vault
The guides, templates, scripts and systems we run our own agency on.

The community
People building the same thing. Post your numbers, ask real questions.

THE 90 DAYS

DAYS 1–30

MONEY IN

An offer people understand, a steady flow of leads, and you selling it with confidence.

You leave with cash coming in every week.

DAYS 31–60

THE MACHINE

Delivery, time, hiring, SOPs and a CRM. Someone else does the work.

You leave with work that moves without you.

DAYS 61–90

STEP OUT

Leadership, the numbers, replacing yourself role by role, and what comes next.

You leave with a business you run from your phone.

Rich · Fit · Sick runs under all ninety days: the work and a rich life, training every day, and the mindset and standard you hold.

WHY ME

This is the process I used to build my own companies and to train the people who now run them. It's the same path I walked my brother through, from someone who just wanted to have a company to running one fully remote at six figures a month.

START WITH A CALL.

Thirty minutes, you and me. I look at where you are, tell you what I'd do first, and how I can help you get there.
