THE METHOD · THE 90-DAY PROGRAM

WORK BOOK

Every assignment, every week, in one place. Fill it in as you go. Bring it to the call.

Name _____

Start date _____

BEFORE YOU START

HOW TO USE THIS

One course a week. Watch the lessons, do the assignment on these pages, post it in the community, bring your question to the live call.

THE WEEKLY RHYTHM

Monday – write your target for the week and the one number you're moving.

The live call – thirty minutes of teaching, thirty minutes of your questions.

Friday – write your wins and your misses. Both count.

THE RULES

Show your work. Ask specific questions. What's shared here stays here. No pitching. Do the assignments – that's where the results are.

COURSE 00 · WEEK 1

YOUR STAGE, YOUR TARGET, *your date.*

Most people are one stage behind where they think they are. Be honest — it's the fastest way through.

1 · FIND YOUR STAGE – TICK ONE

☐ **Stage 0 – Starting from zero.** No business yet. You want an online business and the freedom that comes with it.

☐ **Stage 1 – Doing it all.** Freelancer or solo operator. You find the work, do the work, chase the invoice. Feast or famine.

☐ **Stage 2 – It runs through you.** Real revenue, real clients – and every one of them needs you. Around $10–30K a month.

☐ **Stage 3 – A team, not a machine.** People on payroll, but you're still the bottleneck. Around $30–100K a month.

☐ **Stage 4 – Owner, not operator.** It runs without you. Now it's about scale, deals, and the life it pays for.

2 · THE TARGET

Monthly revenue: $_____

By (date): _____

Hours a week I want to work: _____

3 · THE LIFE IT PAYS FOR

What the money is actually for:

4 · POST IT

Post your stage, your target and your date in the community. Posted on: _____
