OUTREACH SCRIPT PACK

Short, human, specific. One reason you're reaching out, one question. Never sound like a template — even when it is one.

COLD EMAIL

SUBJECT:

{first name}, quick question

Hey {first name} – I saw {one specific thing: their listing, post, building, project}. {One line on what you noticed}.

We help {who they are} get {outcome} – {one proof point}.

Worth a 15-minute call this week?

{Your name}

DM (INSTAGRAM / FACEBOOK)

Hey {first name} – {genuine one-line compliment on something specific}. Quick one: are you handling {the thing you solve} yourself right now, or do you have someone on it?

COLD CALL OPENER

Hey {first name}, it's {name} – I know I'm calling out of the blue, can I take 30 seconds and you tell me if it's worth keeping going?

We work with {who} who are {the pain}. Usually it's {problem A} or {problem B}. Is either of those true for you?

LINKEDIN CONNECTION NOTE

{First name} – saw your work at {company}. I work with {who} on {outcome}. Would be good to be connected.

REFERRAL / WIN-BACK

Hey {first name} – it's been a while since {the job we did}. Two things: how's {their thing} going, and who do you know that could use {outcome}? I'll take great care of them.
