DISCOVERY CALL SCRIPT

Your job on this call is to find the real problem — not to pitch. Ask, listen, write it down. Talk 30% of the time.

1 · OPEN (2 MIN)

Thanks for making the time. Here's how I'd like to use the next 30 minutes: I'll ask some questions to understand where you are, and if I think we can help, I'll tell you exactly how. If not, I'll tell you that too. Sound good?

2 · WHERE THEY ARE NOW (10 MIN)

QUESTION	THEIR ANSWER
Tell me about the business – what do you sell, and to who?	
What's working right now?	
What's not? What made you take this call?	
What have you already tried?	
What does it cost you if nothing changes in the next 6 months?	

3 · WHERE THEY WANT TO BE (5 MIN)

QUESTION	THEIR ANSWER
If we were sitting here 90 days from now, what has to have happened for you to be happy?	
Why does that matter to you – personally?	
What's stopping you from getting there on your own?	

4 · PRESENT (5 MIN)

Here's what I'd do. {Restate their problem in their words}. {Your offer, in one sentence}. {The three steps}. The investment is {price}. – then stop talking.

5 · CLOSE

Does that sound like what you need? … Great – I'll take the payment now and we start {day}.
If they hesitate: “What's the one thing that would stop you?” → go to the Objection Sheet.
